To Whom it May Concern

This is to confirm that Jason Yaxley has worked for LMM as a DJ at various successful UK venues since September 2006 (so 7 years).

Jason has been the most courteous, diligent, kind, friendly, fun & skilled DJ in all those years, making him the top choice for many of our Walkabout venues, especially our flagship London venue on Temple Embankment (opposite the London Eye), where he always DJs on Australia Day for us every year to 1000s of people. He also DJs at Australia House for their Aussie Day celebrations the same week each year.

Such was his attention to detail, he always brought a lot of his own equipment to gigs to augment the supplied gear & many managers appreciated this.

He also sent me a really nice Wedding present and card which I read out at my wedding, as it was so touching and full of good advice.

He's a top guy and would be a benefit to any employer in any circumstance or trade. Indeed it is also worth noting that he used to often travel to gigs after having worked on building sites all day.

He is happily married with kids and always takes great pride in telling about his family life.

I wish him all the best for a wonderful life back in Australia, although we will miss him here in the UK.

Kind regards

Alex Howie
